

THE VOICE

CABERNET SAUVIGNON, STAGS LEAP DISTRICT SINGLE VINEYARD, 2019

BATCH #50 "Mooncrest"

"Stags Leap District Cabernets made Napa Valley World famous after winning the Judgment of Paris in 1976. A quarter century later of progress, innovation, awards and sustainability has helped Napa become the World's greatest wine growing region; and for Napa Cab to reign King."

-Malek Amrani

STAGS LEAP DISTRICT

Stag's Leap District, often referred to it as a "valley within a valley", is just three miles long and one mile wide. Stags Leap District wine production dates back to the mid 1800's. With less than 1,400 acres planted to vineyards, today only 16 wineries have the privilege to call Stags Leap District home.

2019 VINTAGE

The 2019 growing season will be remembered for its abundant rain (the last one we've seen since).

Summer was long and warm, with a mild season finish and no extreme heat events. The fruit preserved in freshness and finesse as it hung on the vine until mid-October. Harvest was smooth and promising for another exceptional vintage.

TASTING NOTES

A classic- styled Stags Leap Cab; very young, rich and complex. A gorgeous defined nose, gushing with ripe currant and wild berry. The palate is at once smooth and rich, like a melting chocolate truffle with dark berry jam in its core that's revealing extra dimensions of flavor. A wealth of fruit rushes through the lengthy finish with shades of cedar and cigar box. Decanting is highly recommended for an early reward, time in the cellar is the best investment for this American treasure.

- 100% Unfiltered & Un-fined Cabernet Sauvignon
- 20 months in 9 French Oak barrels (4 new - medium toast, 5 barrels 1 year seasoned)
- USDA Certified Organic Vineyard
- Only 2600 bottles crafted.
